SWITCH  
YOUR  
BRAND  
**ON**

**PAD PRINT**

This application is done using a silicone pad. It functions as a transfer vehicle, picking up ink from the printing plate and pressing it directly onto the product.

**SCREEN PRINT**

Screen printing is a printing technique whereby a mesh screen is used to transfer ink onto a substrate. This is the most common method of imprinting on promotional items and apparel.

**EMBROIDERY**

Embroidery is stitched with a computerised embroidery machine using patterns digitised with embroidery software.

**DIRECT TO DIGITAL**

Digital printing is a method whereby the image is printed directly onto the product. This application provides you with a full colour printing option.

**CO<sup>2</sup> LASER**

This method is achieved by burning the top layer of the substrate with a thin laser beam that cuts through the product creating a lasting detailed logo.

**DEBOSS**

This process involves creating a die in the shape of a logo that is pressed into the surface creating a permanent sunken design.

**DIGITAL STICKER**

Digitally printed directly onto a vinyl adhesive substrate that can be affixed to a product. This application provides you with a full colour printing option.

**DOMES**

Digitally printed directly onto a vinyl adhesive substrate that can be cut into a variety of shapes and sizes. The stickers are then coated with a polyurethane to give a dome-like appearance creating a 3D effect.

**YAG LASER**

This process is achieved by a solid-state laser that engraves the logo from metal surfaces, giving you a detailed subtle logo.

**SUBLIMATE**

Dye Sublimation is digitally printed on a coated paper and then transferred to the substrate.

**B&D**

It is the evolution of embroidery that encompasses the Vibrancy, Clarity and High Definition of print, all encapsulated in one single embellishment.

**HEAT PRESS**

Heat press is imprinting a design or graphic onto a substrate, with the application of heat and pressure for a pre-set period of time.

# BRANDING OPTIONS

Because we take pride in our brand, we take pride in yours. Our dedication to high quality and ever-expanding embroidery and printing solutions guarantee that we have the right solution for your brand. No matter the product, we can brand it.

A woman with voluminous curly hair is shown in profile, looking towards the right. She is wearing a thick, multi-colored plaid jacket with shades of red, blue, and white. She is holding a vinyl record, which is partially visible on the right side of the frame. The background is a blurred interior, likely a record store, with shelves of records. The text "SHOPPERS & SLINGS" is overlaid in white, sans-serif font on the left side of the image.
